Hi Linda,

As discussed on today's OLEM call, attached is the ORD/Ohio State University presentation which includes a discussion of GenX monitoring along the Little Hocking River in Ohio (near DuPont/Chemours Washington Works facility). This presentation was given at a recent Northeastern University conference and a video is available at <https://www.youtube.com/watch?v=X3F646N9ALY&feature=youtu.be> (near minute 44.00).

Thanks,
Kim
